Included jQuery and Javascript for AJAX functionality
Integrated OmniAuth for OAuth authentication with Facebook
Designed using Twitter Bootstrap, & custom CSS
Created the database schema and configured ActiveRecord Associations
Models and Routing via Ruby on Rails
Github repository: hipster-reddit, or hipster-reddit.herokuapp.com

Employment History

EQT *Pittsburgh, PA — Project Coordinator 2013 - 2015*
Strategized, planned, and forecasted for multiple projects yearly with budgets over 100k,
including a 3 billion dollar project. Standardized asset recording for 16 construction teams by creating
universal documentation and financial metrics.

Lincoln Airport *Lincoln, NE — Communications Operator 2009 - 2014*
Operated identification & surveillance systems for the entire airport. Designed resource databases for
security logging, and badging efforts with Microsoft Suite. Co-lead effort to issue security badges
to over 3,000 employees annually. Trained new employees on procedures and customer service protocol.

Delta Airlines *Lincoln, NE — Customer Service Rep. 2005 - 2011*
Provided quality customer service to hundreds of passengers daily. Helped minimize lost baggage to less than
5% station wide in 2011 using baggage scanning and standardized process.

Education

Flatiron School - *2016*
Graduate: Full Stack Web Development, Ruby on Rails and JavaScript online program
